

FUNCTIONAL FITNESS FROM ALTRA-FIT

ABOUT ALTRA-FIT

Altrafit is a brand new, carefully curated collection of commercial grade gym equipment that's durable, sleek in design and competitively priced. Altrafit is brought to you by D2F Fitness, whose decades of experience sourcing and delivering fitness equipment means you can be sure of high quality, affordable fitness equipment that is built to last. The range covers everything from flooring, to plate loaded machines, dumbbells and barbells, to rigs, racks and everything in between. So whether you're a PT kitting out a home gym or studio, or are fitting out full-blown fitness facility, Altrafit has the kit you need at the price you want.

DUMBBELLS, BARBELLS & WEIGHT PLATES

DUMBBELLS

Altrafit Dumbbells are made from hard steel, with a rugged knurled grip and coated in urethane for ultimate durability. Urethane Dumbbells are available from 2kg up to 60kg, increasing in 2 kilogram increments.

ALTRAFIT URETHANE DUMBBELLS

Altrafit classic anti-roll Dumbbells have a premium urethane coating to ensure they don't damage flooring or equipment. Soft to the touch, with non-slip handles to maximise performance, Dumbbells are available in 1-10kg, in 1kg increments.

BARBELLS

Altrafit Olympic Bars are made from reinforced steel with knurled grips, and contain ball-bearing bushed sleeves for optimal plate loading and smooth rotations.

Options available: 5ft, 6ft, and 7ft Olympic standard options, with a 7ft Elite Performance Bar option, Safety Squat Bar, and 7ft Hex/Trap Bar. Additional bars include a 5ft EZ Curl Bar and Tricep Bar.

WEIGHT PLATES

Altrafit weight plates are accurately calibrated, featuring steel sleeves to easily slide on and off, and are available in a variety of options, all suitable for Olympic Bars.

BUMPER PLATES

Olympic Bumper Plates are available in 5-25kg (in 5kg increments), in either black or colour.

URETHANE DISCS

Altrafit Urethane Discs feature ergonomic cut outs, a rugged and grippy outer coating, steel sleeves, and accurately calibrated weight available in 2.5, 5, 10, 15, 20 and 25kg.

FUNCTIONAL

KETTLEBELLS, FIXED BARBELLS, SLAM BALLS AND POWER BAGS

KETTLEBELLS
Altrafit Kettlebells have been perfectly designed to provide an option for everyone. A fully cast iron option is available for the true Kettlebell enthusiasts, available from 4-24kg (in 2kg increments). A grippy rubber coated option is also available, featuring a smooth chrome handle for easy exercise transitions, available from 4-32kg (in 2kg increments).

FIXED BARBELLS
Altrafit Urethane Barbells are rugged, hard wearing, and built to last. Made from hard steel, featuring knurled grips and urethane coated ends, fixed Barbells are available in 10, 12.5, 15, 17.5, 20, 25, 30, 35, 40 and 45kg options.

SLAM BALLS
Altrafit Tyre Slam Balls are soft, grippy and perfect for picking up and slamming down. Available in 4-10kg (in 1kg increments), and 12, 15 and 18kg options.

POWER BAGS
Altrafit Power Bags are incredibly strong, durable and rugged, coated in soft, tear resistant PVC. Featuring multiple handles for ultimate usability, these Power Bags come in 5-35kg in 5kg increments.

STUDIO

STUDIO DUMBBELLS AND PUMP SET

STUDIO DUMBBELLS

Altrafit Neoprene Studio Dumbbells have a soft touch finish making them ultra comfortable to hold as well as protecting floors. Their durable finish will not crack or fade and hexagonal shape prevents weights rolling when not in use. Available in 1-8kg (1kg increments).

PUMP SET

The Altrafit Pump Set is the ideal adjustable lightweight barbell for studio use. The set includes a 30mm steel bar, and pairs of 1.25, 2.5 and 5kg weight plates plus quick closure collars. 10kg weight plates are also available to purchase separately.

CARDIO

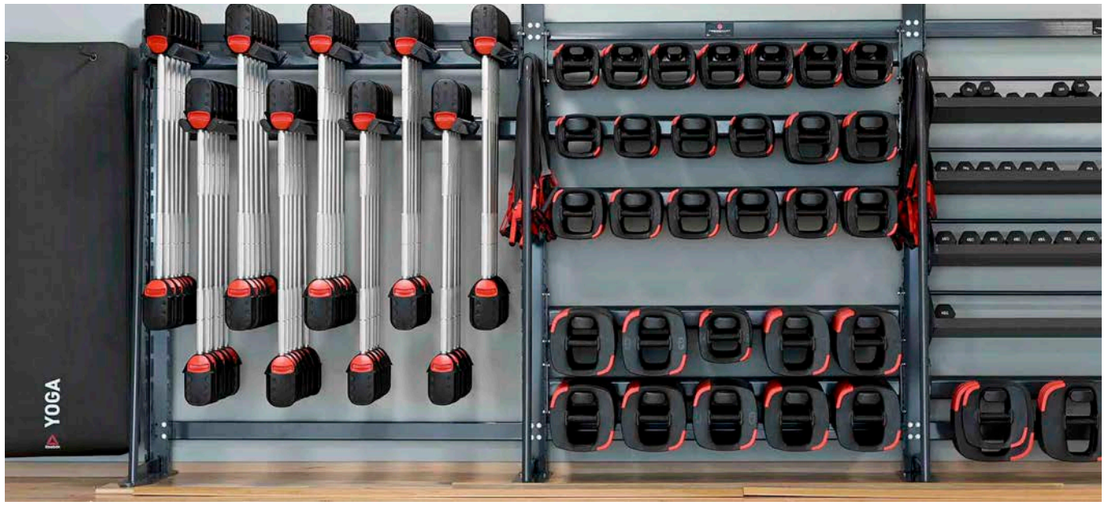

Our range of TKO Cardio Machines include the AirRaid Bike, Ski Trainer, Runner and Rower. All machines are built to commercial specification, are highly durable and built to withstand the highest of intensities.

PLATE LOADED

Our range of rugged TKO Plate Loaded Machines cover all the essentials for a full body workout. Everything from the Seated Calf Raise, to Leg Extensions, Leg Curls and Leg Presses, up to Lat Pull Downs, Incline, Decline and Flat Chest Press, Chest Supported Rows, Shoulder Press, Smith Machine, Vertical Cable Stacks and more.

RIGS & RACKS

ALTRAFIT CUSTOM RIGS

All spaces are unique and all requests are possible. We believe that rigs should complement a functional training space, not define it. Whatever you require from your rig can be achieved with Altrafit, from completely tailored dimensions, lifting platform and accessories integration, to custom storage options and attachments, we can create the most functional rig for your space.

BRIEFING & CONSULTATION
We believe in a consultative approach, working collaboratively as we seek to understand the training requirements, survey the building, take detailed measurements and assess general feasibility.

DESIGN CONCEPTS
Having consulted with the customer and inspected the site, we get to work on initial design concepts. We always aim to maximise the functional footprint in the space available. Often multiple concepts are proposed at stage one. These are presented in 2D / 3D format to give structure and context.

REVIEW & REVISION
A period of consultation will then drive each project forwards and a final design concept will emerge. This final design will take into account structural limitations and complexities, including direct input from your fitness team. At this stage, final pricing is confirmed based on the design and overall product specification agreed.

MANUFACTURE
Upon receipt of a Purchase Order, we will begin manufacturing your functional rig. We will stay in regular contact with you and your facilities managers to keep you up-to-date on progress throughout the manufacturing process.

INSTALLATION
A separate site visit will be conducted by our installation team for some pre-flight checks and they will work with you to agree a date and time to install your rig that doesn't interfere with your daily operations.

TRAINING
Once the installation is complete, a convenient date to deliver staff training will be agreed. Training will be tailored to accommodate the metal works and accompanying fitness accessories supplied.

RIGS & RACKS

RACKS

To help optimise space utilisation and kit longevity, Altrafit racks are the perfect place to store equipment. Sturdy and durable racks are purpose designed to carry specific equipment, keeping kit off the gym floor and making it easy for members to pick what they're looking for.

DUMBBELL AND BARBELL RACKS
For the gym floor Altrafit Dumbbell racks are modular, enabling multiple sets to be combined to house our complete range of dumbbells from 2-60kg. The 10 Pair Vertical Dumbbell rack neatly stores the 1-10kg Urethane Dumbbells. The Fixed Barbell rack holds 10 barbells, so you can stack up our complete range from 10-45kg.

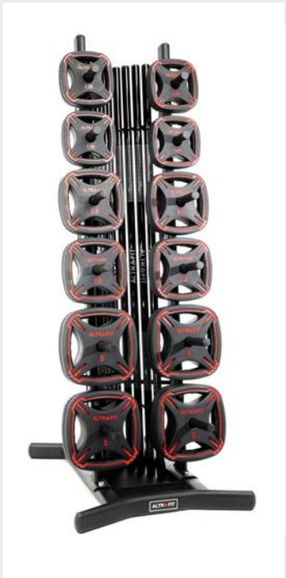

OLYMPIC RACKS
The Altrafit Olympic Bar Holder is made from steel and stores barbells vertically for quick and easy use. There are two variations of Olympic Disc racks, a wide-base fixed vertical tree option stores up to 300kg, featuring chrome bars to easily slide discs on and off. The horizontal bumper rack holds five pairs of bumper plates from 5-25kg, the rack is wheeled for easy movement and features an additional bar for extra storage.

STUDIO RACKS
The Altrafit Pump Set rack is sturdy, space efficient, and the ideal rack to store Altrafit Pump Sets plus additional weight plates. With storage for up to 10 pump barbells, plus 12 weight plate storage bars and vertical hooks for quick closure collars.

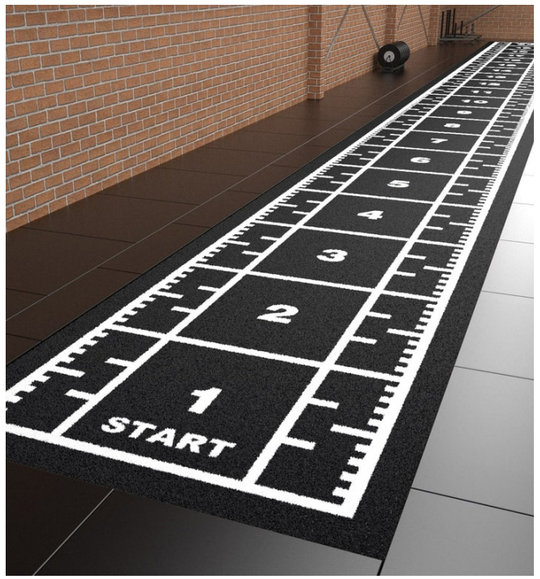

The Altrafit Mobile Studio Dumbbell rack can hold up to 42 pairs of dumbbells for even the largest of studios. Easily manoeuvred and locked, it's perfect to store the range of studio dumbbells from 1-8kg.

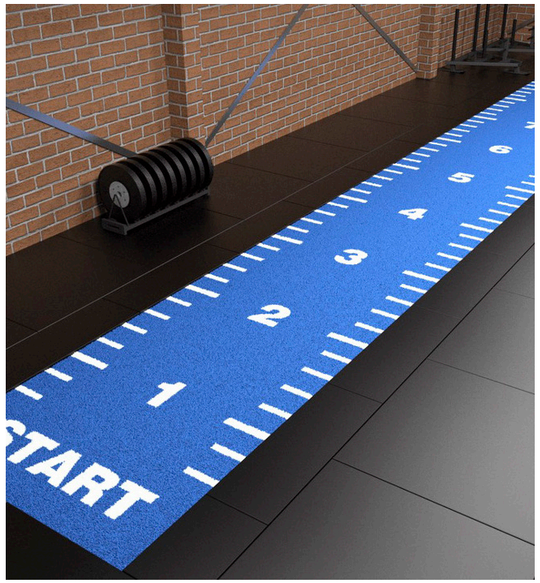

FLOORING

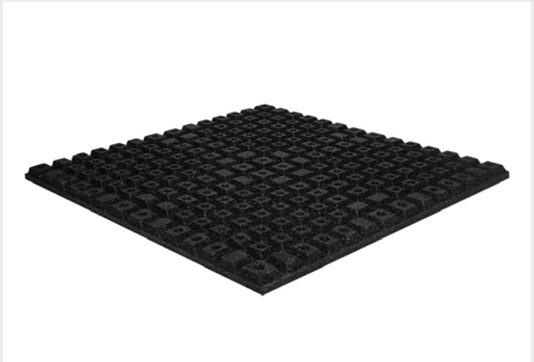

Altrafit flooring and turf comes in a multitude of off-the-shelf colours, measurements and materials, with a choice of custom colours and shapes to suit every fitness option. High impact, durable and made from recycled materials produced in Europe, our flooring is odourless, sound-absorbent and water resistant, giving you quality and peace of mind at a sensible price.

Altrafit turf is high quality, durable short pile artificial turf perfect for indoor or outdoor training environments, and available in a range of difference colours and custom options.

ALTRAFIT CONNECT TILES

Altrafit connect tiles range in thickness from 15mm to 50mm, providing cover for a variety of applications. The tiles themselves come in either 500 × 1000mm or 1000 x 1000mm they benefit from a tray connection system for a virtually watertight fit.

ALTRAFIT TOUGH TILES

High impact recycled flooring perfect for free weight functional areas. Each tile is double-layered to have exemplary noise reducing capabilities, available in thickness from 11mm-63mm.

ALTRAFIT PUZZLE TILES

Our puzzle tile flooring made from recycled materials has been designed with durability in mind. With a fine, smooth surface that is moisture and water resistant, our puzzle tile flooring also insulates against sound.

CLIENT FEEDBACK

"D2F have been our fitness partner for functional and studio equipment, as well as flooring, for over a decade. With more than 200 sites in our portfolio, we need a partner that can deliver on time and to budget and D2F can always be relied upon. We're not a typical leisure centre gym, we pride ourselves on having best in-class equipment. D2F definitely delivers on both quality and price."

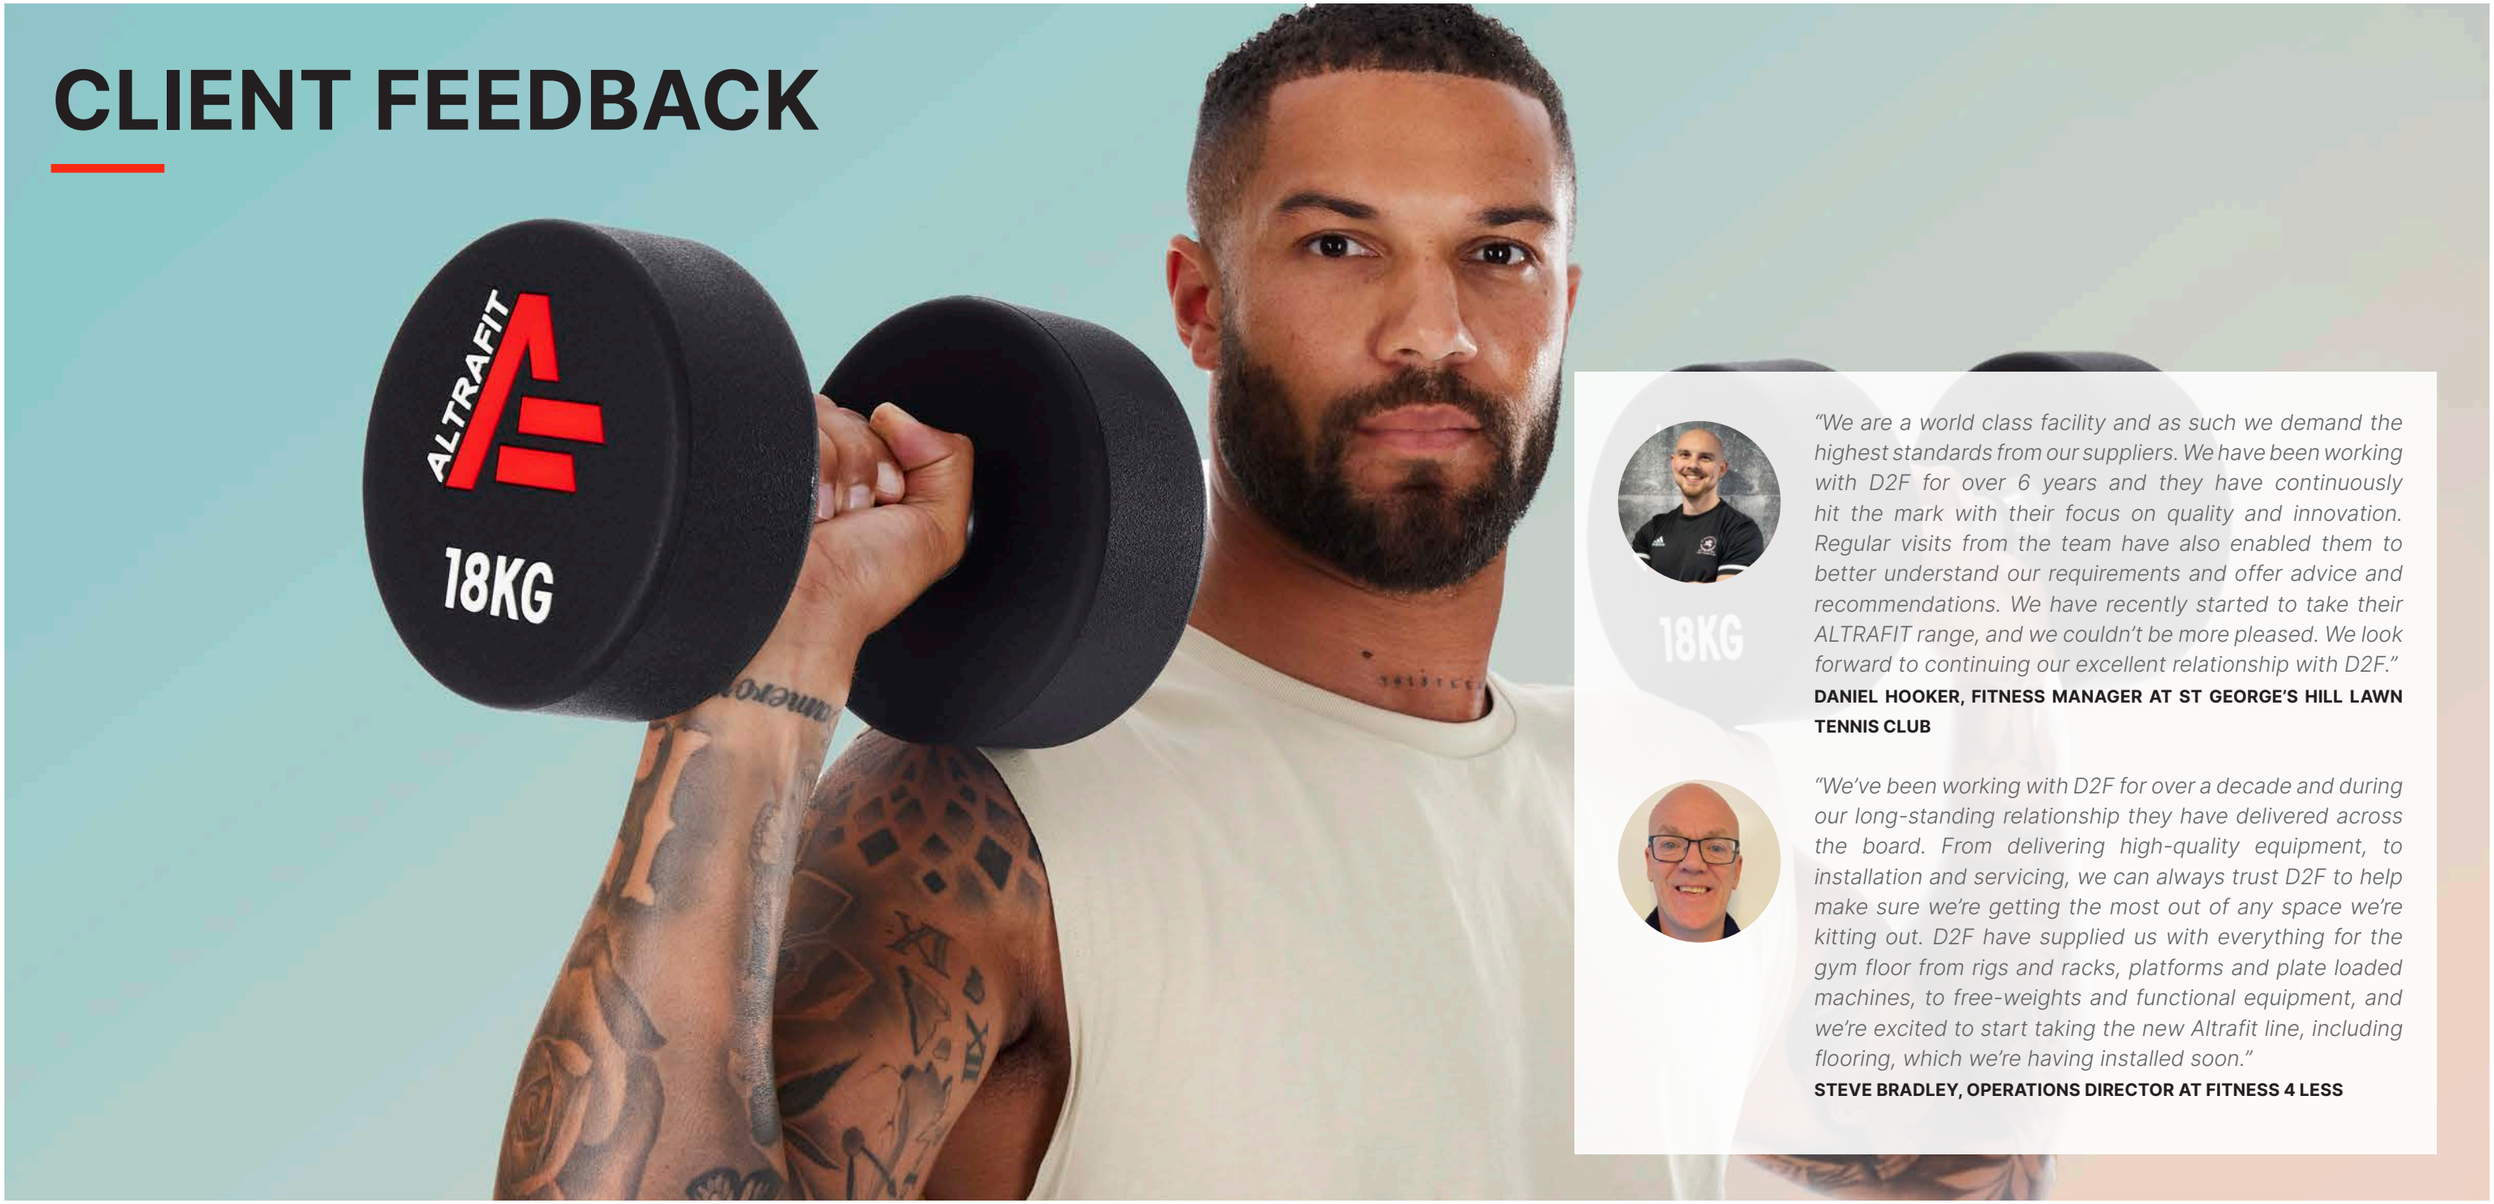

DUNCAN JEFFORD, REGIONAL DIRECTOR, EVERYONE ACTIVE

"The team at D2F have been excellent to work with I really like the consultative and proactive approach that they take to each and every project which ensures that we get maximum benefit from the space allocated to functional training and studio solutions. It's really refreshing to work with a supplier that challenges our ideas and isn't afraid to help us look at our gym spaces in a different way."

SARAH ROBERTS, HEAD OF FITNESS, PLACES LEISURE

CLIENT FEEDBACK

"We are a world class facility and as such we demand the highest standards from our suppliers. We have been working with D2F for over 6 years and they have continuously hit the mark with their focus on quality and innovation. Regular visits from the team have also enabled them to better understand our requirements and offer advice and recommendations. We have recently started to take their ALTRAFIT range, and we couldn't be more pleased. We look forward to continuing our excellent relationship with D2F."

DANIEL HOOKER, FITNESS MANAGER AT ST GEORGE'S HILL LAWN TENNIS CLUB

"We've been working with D2F for over a decade and during our long-standing relationship they have delivered across the board. From delivering high-quality equipment, to installation and servicing, we can always trust D2F to help make sure we're getting the most out of any space we're kitting out. D2F have supplied us with everything for the gym floor from rigs and racks, platforms and plate loaded machines, to free-weights and functional equipment, and we're excited to start taking the new Altrafit line, including flooring, which we're having installed soon."

STEVE BRADLEY, OPERATIONS DIRECTOR AT FITNESS 4 LESS

YOUR PARTNER FOR PREMIUM GYM EQUIPMENT AND SERVICES

WARRANTY & QUALITY

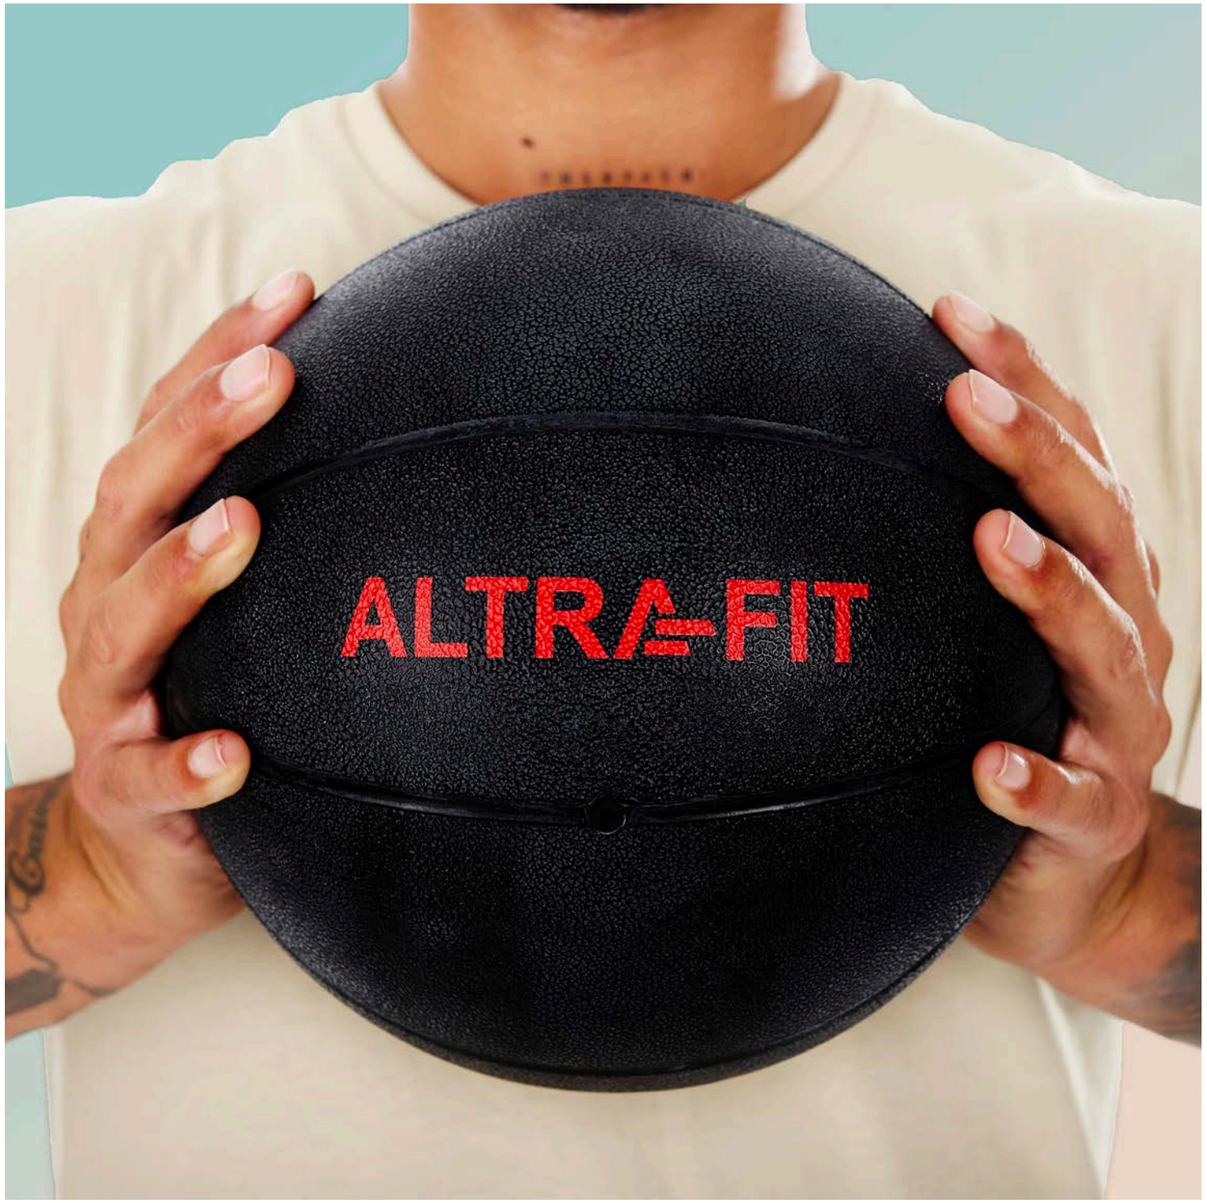

Altrafit takes pride in offering more than just gym equipment; we provide an unparalleled fitness experience. With our market-leading warranty of up to 5 years, we offer you peace of mind that lasts. We've taken great care in choosing manufacturing partners we truly believe in, ensuring that our quality is globally recognised and independently controlled. Our commitment to maintaining these high standards is robustly monitored by TUV, giving you the assurance you deserve.

DEDICATED CUSTOMER SUPPORT
We don't stop at exceptional products; we go further. Our dedicated service team knows the industry inside and out. We understand deadlines are time critical in opening fitness facilities on time. That's why we work harder than the competition, providing additional services and a higher level of customer support. We view our clients as partners and invest in your success, helping you enhance your offerings and achieve mutual success.

EXCEPTIONAL SERVICE
From top-of-the-line gym equipment to flooring installation, we offer an end-to-end solution. Our in-house experts excel in design, installation, method statements, risk assessments, and project management. We source the best solutions and equipment for your fitness environment while considering your budget and needs.

Our dedicated account managers take the time to understand your business and provide invaluable advice and customer service. They act as your designated conduit between our design and installation teams, ensuring a seamless process from start to finish.

UNRIVALLED EXPERTISE
With 13 years of experience in the industry, Altrafit is your trusted partner for premium products at competitive prices. We believe in affordable premium, and we deliver on that promise. Join us on a journey towards fitness excellence.
